LB 48, 285A

to do that, so we'd have to do a third amendment to put two revenue people in place to protect the \$6 million. And then we've got a cleanup of LB 48. I just raise that as legitimate agenda items that haven't been heard rather than heard four times. And either you like this or you don't. My suggestion is I will live or die with whatever you want to do as a body. If you're uncomfortable, fine, kill the amendment. But, gosh, couldn't we vote on it?

SENATOR CUDABACK: Thank you, Senator Landis. Senator Janssen, on AM2113.

SENATOR JANSSEN: Thank you, Senator Cudaback. Members of the Legislature, only \$400,000. Here we are cutting back on cities, towns, cutting back on education, cutting this, cutting that, and \$400,000 to me is still \$400,000. And I'm not going to support this, Senator Landis, I'm sorry, but that is just the way I feel. SENATOR CUDABACK: Thank you, Senator Janssen. Senator Stuthman.

SENATOR STUTHMAN: Thank you, Mr. Speaker and members of the body. I am in favor of this program. I have nothing against this program that we are discussing. I've gotten a lot of e-mail on it and want to really keep the program. The only thing that I have got a real problem with is I think this money to fund this program should come out of the Tobacco Settlement Fund, and I really think that. I haven't made up my mind yet, but it's tending to lead that I...lean towards that I will not support this amendment. And at the present time, I would yield the balance of my time to Senator Bourne, if he wants it.

SENATOR CUDABACK: Senator Bourne, about four and a half
